

Dear Parents,

I am excited to implement TWO new web-based curriculum programs called MobyMax and SCOOTPAD into our enrichment math materials.

MobyMax is tailored to your child's individual needs, and I think you will be very impressed by how fast your child will excel while using Mobymax's features.

Which include include...

- Additional practice sets, tutorials that reteach the lessons learned in class, and receive instant feedback on their progress and understanding of the skills. I am able to align the lessons along with our district's Enrichment Math's scope and sequence to aligned to our scope and sequence.
- It also allows me to assign the same skill and or concepts learned in class for any grade level 3-8th, allowing me to individualize the skill level even beyond our of the skills and concepts that we are learning in class
- Systematic review sessions that ensure that your child retains 100% of what he or she has learned

Best of all, your child can access Mobymax & Scootpad from your home computer or iPad 24/7.

MOBYMAX Login steps for [Parent's & Students]

1. Please go to www.mobymax.com/signin
 2. Enter School Code: [il3435]
- Username: [Ask your Child or email me if unknown]
Password: [Ask your Child or email me if unknown]

You can sign in as a parent as well by selecting "As a Parent" and entering your child's username and password. You will be able to monitor your child's progress and even send messages to me.

SCOOTPAD Login steps for [Parents]

As students take ownership of their work, parents support learning at home. Parent's can...

- Review their own child's activity from class.
- Get assignment reminders and over due alerts.
- Get weekly digest emails with their child's activity summary.
- Review their own child's mastery and progress reports.
- Receive any messages and updates from you.
